**DETAILED ACTION**

***Response to Arguments***

1. Applicant's arguments, see Remarks, filed 5/15/06, with respect to claims 11-23 and 25-39 have been fully considered and are persuasive. The rejection of the claims has been withdrawn.

***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 11, 18, 25, 31 and 38 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

4. Claims 11, 18, 25, 31 and 38 rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential structural cooperative relationships of elements, such omission amounting to a gap between the necessary structural connections. See MPEP § 2172.01. The omitted structural cooperative relationships are: an explanation of how the step of "evaluating the transmitted actual values" and the step of "determining at least one setpoint value" are related. How is the determined setpoint value affected by the evaluation of the transmitted actual values?

***Allowable Subject Matter***

5. Claims 12-17, 19-23, 26-30, 32-37 and 39 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
